Grape Arber-Officials Have Words, &c. HACRERSACE, Oct. 27.—This has been a great day for Hackensack. In the early morning word came from Cherry Hill that Henry Price, employed by N. B. Seabriakie, attempted to shoot August Mund, the leader of the Socialist Labor party, but his arm was knocked saids just as the

reapon was discharged. Two hours later Jennie Garrish, a stylishly dressed young colored woman, appeared at the Busquehanna depot weeping, and informed Agent Bates that her pocketbook had been snatched from her hand by a man in front of the Post Office. The fellow ran and caught a train that was just leaving the station. She said the purse contained \$10, all the money she had, and she could not get to her home in New York city. A ticket was purchased for her by a

sympathetic lady.
At 11 o'clock Charley Sam, a Chinese laundryman, was seen chasing a boy through Mercer. State, Gamewell, and other streets. The laun-dryman flourished a ten-inch butcher knife, and siled, "He steales my money." The boy, who known as "Italian Joe," sought refuge in a house, but subsequently was arrested charged with robbing the Chinaman's till.

John M. Winant, living in Union street, reorted that George H. Stedwell's cat, which had ported that George H. Stedwell's cat, which had been tied with a string, had broken loose and hanged fizelf, owing to a knot in the string having caught in Winant's grape arbor.

Then came word to Improvement Commissioner C. E. Eckerson that his three-year-old St. Bernard. Scottish Monarch, had hanged himself in the stable by jumping over a low partition and strangling to death in his collar. Beottish Monarch was a son of Scottish Prince, a grandson of Prince Regent, and a great grandson of Prince Regent, and a great grandson of Pimilimmon, and was the only prize male representative of Scottish Prince blood in America. Jacob Ruppert offered \$500 for him a short time ago.

After this news was started in circulation Cornelins W. Berdan, counsel to the Township Committee, and Capt. Andrew C. Scabriskie, President of the Bergen Turnpike Company, had an interesting interchange at a hearing in reference to the right of way for the turnpike trolley line. Mr. Berdan said there was a legal proposition to be determined, whereupon the Captain accused him of trying to obstruct the trolley by throwing legal chestnuts in the way. Mr. Berdan said this was an insult to him as representative of the Township Committee, and he resented it. "You are representative of the Township Committee, eh? Good-day," replied Mr. Berdan. "I was not addressing, you, sir," retorted the Captain, and he left the room. The meeting was without result.

To close the eventful day, the Paterson, Rogers, and Magie schoolboys of Paterson rolled the Oritani football team in the mud for a score of \$500. m tied with a string, had broken loose and

PITTSBURGH'S BLIND POOLS. Parther Investigation of Their Methods One Firm's Accounts.

PITTERURGE, Oct. 27.—It is learned that Attorney Harry Goehring, the counsel for the Finance Committee of the Chamber of Com-merce, now investigating the discretionary pools here with a view to suppress or regulate them, has gone to New York to learn if the pool op-New York, as they have asserted. He will also earn something of the system of brokerage as it is carried on in the metropolis with reference to the pools here.

It is intimated that William E. Delaney, who was the manager of the Public Stock and Grain Exchange, is in New York, and as it known that Attorney Burke, counsel for the Delaneys, is also in the same city, ostensibly for the purpose of speaking in the New York campaign, it is presumed that Goehring will hold a conference with Delaney in reference to the suit. Although the Delaneys will make a bitter fight, it is not believed the manager will appear here again in person. It is said by those who have examined the Delaney concern books that they indicate that in the a months they have taken in about \$170,000, of which \$40,000 has been returned to depositors. That would leave \$130,000 had been declared, which, if genuine, would have to that extent decreased the \$130,000 which disappeared when Mr. Delaney did. Delaney & Co. began business in June and operated about four months. From their first ledger the following totals paid in by members are taken: Pittsburgh, \$28,880; Allegheny, \$19,840; other places, \$11,600; total, \$00,300. The second ledger shows these totals: Pittsburgh, \$25,280; Allegheny, \$10,100; other places, \$13,400; total, \$55,840. The totals invested by those who entered the pool during september and October are: Pittsburgh, \$12,100; other places, \$13,900; total, \$50,7,150.

THE ERICSSON'S MACHINERY. Mel Preliminary Trial of the Torpedo Beat on the Sound,

NEW LONDON, Oct. 27.-The torpedo boat Ericsson had her preliminary trial to-day, after waiting nearly two months for it, here. She left the dock this morning at 9:30 o'clock, and two hours later was on the course on which she is to have her speed trial probably next week, but that was not decided upon to-night. On board to-day were Lieut, Usher, U. S. N., the general Inspector, and Passed Assistant Engineers Potts Kaemmerlind, and Bowers, the Government's representatives, besides a crew of fifteen men.

The course, from Horton's Point to Stratford shoal, 25 miles was divided into eight portions of three miles each and one portion of one mile. of three miles each and one portion of one mile. The trial to-day was for a test of the machinery whelly, and was declared to have been entirely satisfactory by the Board of Engineers and without mishap of any kind. The water was as smooth as a pond and the entire absence of wind made the conditions nearly perfect. The contract stipulates that the steam pressure shall not at any time exceed 5 per cent. above 250 pounds and that, varying revolutions shall be attained between specified buoys. The data obtained will not be computed for several days, the Board of Engineers returning to Washington meantime.

James Caffrey was admitted to the Esser County Insane Hospital in Newark on Monday On Friday he became violent and was put in a small room containing no furniture but an iron small room containing no furniture but an iron bedstead. He remained quiet for several hours, and when the watch was relaxed he climbed to a windowsili and threw himself headlong across the foot of the bed. He broke two ribs and one of the splintered ends penetrated one of his lungs. He died at 5 o'clock yesterday morning. Caffrey's mania was religion. A week ago he threw himself into the canal at Newark. He was rescued, but, breaking from his captors, he plunged in again. He was 50 years old and had a wife and seven children. He was employed as an engineer in Columbia College fi this city.

Policeman Schillenberger Gives Himself Up. Policeman Conrad Schillenberger of the Eldridge street station, who was indicted on Friday for assaulting Thomas J. Stanton of 88 Madison for assaulting Thomas J. Stanton of 88 Madison street when he arrested Stanton, on Aug. 8, surrendered himself yesterday at the District Attorney's office. Schillenberger's ball was fixed at \$2,000. He offered as bondsman Max Schwartz a liquor dealer, of 251 East Houston street. Schwartz was not considered astisfactory for some reason which was not given, and Schillenberger was remanded to Police Headquarters, where he will probably have to remain until tomorrow.

The British steamer Persian Monarch, for merly of the Wilson line of steamers, plying between this port and London, which went ashore near Moriches, L. L. in May last and which was floated and towed to this city for repairs and afterward sold to the Merritt Wrecking Company for \$19,000, passed out yesterday in tow bound for Newport News, where she will be changed into a sailing vessel. She is now the property of C. R. Flint & Co.

Mrs. Robb Gets a Decree of Separation. After hearing the testimony yesterday in the suit of the actress, Josephine Robb, against John Robb for a separation, Justice Bartlett in the Supreme Court, Brooklyn, announced that the decree would be granted. Robb deserted his wife and then annoyed her on her way to and from the theatres in which she was playing.

Rubber Stamp Signatures Not Legal. Thomas Bowling, a negro, who was recently sent to the Kings county penitentiary for nine months for assault, was released yesteriay by Justice Gaynor's order. Police Justice Goeting signed the commitment with a rubber stamp instead of with a pen, and Justice Gaynor held this to be improver.

HACKENSACK STIRRED UP. MORE OF SHEERAN ON MONDAY. Book Commissioner White Alea Subpensed by the Lexuw Committee,

"We will continue the examination of Commer John C. Sheehan on Monday," said Mr. Goff yesterday. That was about all that he had to say about this week's plans of the Lexon committee. He did say, further, to a Sun reporter, who inquired if it was the intention of the committee to sit all of the week: "Yes, if we

have material enough to proceed with."

The lawyer smiled as he said that. It is known that the Goff detectives have witnesses enough to keep the committee busy for a year. Dunnett, the Vermonter, who runs a hotel in the summer and investigates vice in New York in winter, has more than a hundred cases of alleged police blackmall on his list yet.

Mr. Moss said yesterday with great positive-ness that Mrs. Mathlida Herman, who was taken to the county jall by a set of carious chances, would be liberated thence on ball on her own recognizances, or on some only a surety, and brought from Jersey City and before the Lexow committee this week. Under what arrangement or agreement this would be done Mr. Moss declined to say.

A number of people declined to say a number

of things yesterday. The reporters asked Police Commissioner Martin if he would add anything to the statement made by Commissioner Sheehan concerning the discussion those two Commissioners had he April, 1893, at which it was decided that the pool rooms had become such an "evil and nuisance" that they should be closed. Commissioner Martin replied with much vigor that he had nothing to say. Richard Croker was also seen by the reporters, but declined to discuss the closing of the urban pool rooms.

Dock Commissioner Andrew J. White, an ex-Police Justice, has been subpensed to appear before the Lexow committee this week. It is generally supposed that he is to be inquired of concerning the relations between the Dock Commissioners and certain passenger steamship lines which rent dock privileges.

Ex-policy writer Vincent Munjeski, the Pole who speaks German, is called "Frenchy," and is an ex-Siberian exile, and who testified that he became acquainted with inspector Williams becames he always investigated the strange features of each land he visited, was a happy man vesterday. Vincent has a nolicy ticket which "hit" a policy shop for \$100, so he says, and he believes the reason he cannot convert his "hit" into "long green" is because he was a witness before the Lexow committee. Yesterday—this is what makes Vincent happy—be went to Police Headquarters and called on Commissioner Martin. "He say," so says Vincent, "He say," the see ver clever man, zat Commissioneries. I say, "Why you no close zose policy shop, Meester Commissionaire? Well, what? He say, "Why you no close zose policy shop, Meester Commissionaire? Well, what? He say, "Why you no close zose policy shop, Meester Commissionaire? Well, what? He say, "Where are zose shop? Ah, what I do? I pull from re pocket ze list of shop, hundred, touzand shop. Zare." I say, "See! Zere is ze shop!" Oh, it is ver good! He take ze list and he run right away down to ze office of Commissionaire Murray, see? of things yesterday. The reporters asked Police Commissioner Martin if he would add anything

Lawyer Osborn Also Avers that the We-man He is Living With In His Wife.

Application was made yesterday to Justice Bartlett in the Supreme Court in Brooklyn for the appointment of a committee on the person and estate of Lawyer W. E. Osborn, and for his commitment to the Inebriates' Home. The peti-tioners are Adeline and Anna M. Osborn, the tioners are Adeline and Anna M. Osborn, the mother and sister of Mr. Osborn. They allege that Mr. Osborn, because of his indulgence in liquor, narcotics, and other drugs, has unfitted himself for properly caring for the estate of his father. Albert H. Osborn, or attending to the interests of his clients.

They further aver that he is unmarried and under the unlawful control of Mrs. Susie Kelly and other persons at 99 Lawrence street.

Mr. Osborn denied the allegations as to his intemperate habits, and declares that Susie Emma Osborn, with whom he is living, is his legitimate wife.

Decision was reserved.

BIG IMPORTATION OF TIN.

Tarif Reduction Seem to Rave Affected the American Market Seriously. MILWAUKER, Oct. 27,-The cargo of 500,000 pounds of Welsh tin reported to be on the way from Baltimore to this city is consigned to the Kleckhefer Company. Ferdinand Kleckhefer, speaking of the matter, said:

"We do not like to purchase tin abroad, as the grade is inferior to what was made in this the grade is inferior to what was made in this country, but we could not help ourselves. All the American mills have shut down. The tariff has been reduced until the manufacturers could not stand the competition, and they had to close or go into banksuptcy. The importation of piate has largely increased, as a matter of course. All the manufacturers are in the same position we are. We are getting plate a little cheaper, but we cannot make any more money."

Requisition for Morganfield,

CINCINNATI, Oct. 27 .- Sheriff Kennedy of Stafford county, Va., accompanied by a Pinker-ton detective, called at the Court House yester-day with a requisition for Morganiield, the Vir-ginia train robber, and announced his desire to take him back to the scene of the robbery, in which he is thought to be implicated. It will probably be several weeks before Morganfield can safely be removed from the hospital, and considerable expense will therefore have to be incurred in guarding him while he is there. Sheriff Archibald is unwilling to incur this expense unless there is some prospect of reimbursement. Neither the express company nor the Virginia authorities will advance the necessary funds. take him back to the seene of the robbery, in
